SLF's COMMUNITY HEALTH PROMOTERS ARE NOMINATED TO THE 2011 SPIRIT OF DUTCHESS COUNTY AWARD.

May 2011. Somos la Llave's community health promoters are nominated to the 2011 Spirit of Dutchess County Award. This award is given to individuals, youth a group or a corporate group who make their community a better place to live in and better the lives of our friends and neighbors through volunteerism.

The United Way of Dutchess County would like to thank the nominees for all the hard work, volunteering efforts and betterment of their communities. Nominees are invited to attend the Spirit of Dutchess luncheon on Wednesday, 8 June 2011. It will be held 11:30 am – 1:00 pm at the Poughkeepsie Grand Hotel.

All nominees will be recognized by name and will be called to the stage to receive a certificate and for photos.

Somos la Llave joins in this celebration because a "promoter" is somebody special that wants to help and contribute to his or her community. A promoter helps people accessing health and social services. As promoter you disseminated information about family planning, did questionnaires about Developmental Check Up for Children, screened for diabetes and obesity, participated in educational forums, that is invaluable and you make a great impact a person, in a family and in the community.

SLF is very proud and that is why we nominated you.

Congratulations!!.

We are very proud to have such a dedicated group and have them as part of SLF.

Congratulations!!!

Gabriela Pragman
Executive Director and the board of Somos La Llave.
